Statement of commitment to child safety

Gisborne Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Roles and responsibilities

School leadership team

Our school leadership team (comprising the principal and assistant principal) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

Principals and assistant principals will:

- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- implement inclusive practices that respond to the diverse needs of students.

Specific staff child safety responsibilities

Gisborne Primary School has nominated the learning specialists and the assistant principal to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the principal, assistant principal and learning specialists are outlined at [Guidance for child safety champions](#).

Our principal and nominees are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach the principal or assistant principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

Our Risk Management Committee monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct \[insert link\]](#) also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Gisborne Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- The Marrung Aboriginal Education Plan and our Action Plan - Aboriginal Learning, Welbeing and Safety, outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students

Student empowerment

To support child safety and wellbeing at Gisborne Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through the buddy system, student matrix, School Wide Positive Behaviour, implementing our whole school approach to Respectful Relationships, our student Code of Conduct and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and School Wide Positive Behaviour program and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office and [website \(insert link\)](#).

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Other ways to empower children and students: -

- inform students about all their rights, including their rights to safety, information and participation
- recognise the importance of friendships and encourage support from peers, to help students feel safe and be less isolated
- make sure staff and volunteers:
 - are attuned to [signs of harm](#)
 - facilitate child-friendly ways for students to express their views, participate in decision-making and raise their concerns
- to develop a culture that encourages participation and responds to what students say
- give students opportunities to participate, and respond to their contributions to strengthen confidence and engagement
- offer students access to sexual abuse prevention programs and related information in an age-appropriate way. School boarding premises are required to offer sexual abuse prevention programs and related information where it is relevant to the setting or context
- develop curriculum planning documents or other documentation that details how the school will address these requirements.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Gisborne Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Parent surveys through the parent portal
- school council,
- subcommittees of school council,
- student, staff, and parent meetings etc.
- ask for feedback via our newsletter and website.

We will inform families through:

- involve families and the school community in developing and reviewing child safety and wellbeing policies and practices.
- inform families and carers about the school's governance and approach to child safety and wellbeing, including roles and responsibilities of school staff.

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our [Student Wellbeing and Engagement Policy \[insert link\]](#) provides more information about the measures we have in place to support diversity and equity.

To comply with this standard, at minimum, schools must:

- develop and endorse a policy statement or curriculum document that details the strategies and actions it will take to uphold diversity and equity, that:
- makes sure school staff and volunteers understand the diverse circumstances of students, provides support, and responds to vulnerable students
- gives students, staff, volunteers and the school community access to information, support and complaints processes in ways that are culturally safe, accessible and easy to understand
- pays particular attention to the needs of:
 - students with disability
 - students from culturally and linguistically diverse backgrounds
 - students who are unable to live at home
 - international students
 - lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) students
 - Aboriginal students and provides and promotes a culturally safe environment for them.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

- reviewing and signing a Child Safe Code of Conduct form each year
- developing robust procedures to ensure only suitable people work with children
- supervising staff and volunteers to ensure they prioritise the safety of children
- supporting staff and volunteers to understand their responsibilities.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of volunteers

All volunteers are required to comply with our [Volunteers Policy \[insert link\]](#), which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Child safety knowledge, skills and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Complaints and reporting processes

Gisborne Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. [The Complaints Policy can be found at \[insert link\]](#).

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees must follow our Child Safety Responding and Reporting [Obligations Policy and Procedures \[insert link\]](#). Our policy and procedures address complaints and

concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending
